## Chapel by Kyrsten

First in chapel we sang a song. Then we talk about light. Last we prayed

## Religion by Claire

On Tuesday we were talking about the Bible. We did a play about Josiah Treasured God's Word. On Thursday Mrs. Reida read us a book called You Are Special. Today our lesson is God's promises kept in Jesus. In religion we do a word study where we write things about the Bible.

## Reading by Colton

On Tuesday we read about a beaver who inspired her friends to read. On Wednesday and Thursday we read about Wolf. On Friday we read about Jennie and the Wolf.

## Math by Brynn

In math we learned about calendars and we answered questions with a calendar. Some questions were hard but easy at same time. Wednesday we did grammar. But instead of doing it on a iPad we did a worksheet which was kind of hard for some people. On Thursday we worked on clock. On Friday we worked on the number line and thermometer.

## Grammar by Parker

On Tuesday we did a website called Freckle. In Freckle you choose a subject (Math, Language Arts, Social Studies, or Science). I forgot my favorite one already. Then you pick a domain in that subject and it gives you a pre-test (if you haven't done it already). It depends on your results. After your test, it chooses what level you're on.

## Social Studies by Nicole

We learned about the five themes of geography which are location, place, human-environment interactions, movement and regions. We learned more about the Earth and we looked at maps of the world and the US. We learned about the equator, how to read a map key, and a map.

## Science by Ava

When we do science we are designing a pulley system in teams. We are learning about pulleys. The more wheels the heavier things you can lift. We are going to have fun. We are building one this week.

## Music by Junior

On Monday we sang "Our Dustbin" and "Fold the Beat" at verse 1 and 3. Next we sang "Wake Up To a World of Light" for a little bit. Then we practiced the song. Then we practiced what articulation means. Then we learned what legato means. Then we sang what we learned today. On Wednesday in class we sang "Our Dustbin". Then we sang "Wake Up To a World of Light." Then we practiced "Gotta He Faith". Then we talked about what rising waves out on the raging sea means.

## Computer by Charlotte

We are doing a web site called tyingweb.com. We made a folder and had fun. We are finishing our folders and are making four new folders.
